# Report to the Listener

As we approach our new fiscal year, which begins October 1, we can draw some useful comparisons of our financial progress.

October 1, 1977	<u>Monthly</u>	October 1, 1978
\$36,000	Operating Budget	\$41,000
5,000	Debt Retirement	500
75,000	Debt: Accounts Payable	25,000
15,000	Loans	40,000
\$90,000	<u>Total Debt</u>	\$40,000

As can be seen from these figures, a debt retirement of \$50,000 has been accomplished. It is still not an ideal situation, and we are planning for the following year to reduce the accounts payable by an additional \$5,000. This will allow the station to develop better credit relationships with vendors, which will help us during periods of low cash flow. This, in turn, may enable us to go through next summer without the \$15,000 short term loan from the bank.

The proposed budget will partially return us to an adequate staff size. In January of this year seven people (five full time equivalents) were laid off. We have restored three of those positions, and in addition we have increased staff salaries. As of October 1, we will pay full time employees \$10,000 per year, Department Heads \$11,000, Assistant Managers for Business, Programming, Engineering and Operations \$12,000 and the General Manager \$15,000. We have also embarked on a capital improvement drive to complete the new transmitter at a cost of \$35,000; purchase a remote van and equipment for \$15,000; improve the upstairs studio and add new studios and equipment. This latter plan will take place in increments and could exceed \$100,000 over the next two years. This would add a new production control room (giving us two), upgrade the control facilities for on-air master control, add editing facilities, and ultimately add two medium sized studios. In addition to these major capital improvements, we have included in this year's budget money for the full maintenance of our present equipment, as well as the purchase of small but crucial items, such as cassette recorders and microphones.

We will be seeking special contributions for capital improvements from individuals as well as foundations.

The facilities we now have are being stretched to their utmost, and with the addition of new production staff will be in use virtually 24 hours a day. As we make capital improvements, we will be able to increase the flexibility and usefulness of present studios. If we are going to live up to our promises of increased live music, drama, documentary production, and create a generally better produced air, we are going to have to make progress rapidly on these improvements. Of course, the addition of a remote van with the necessary equipment will make a major contribution to increased coverage of the Southern California communities' many political, cultural and artistic events.

## Plans on the Income Front:

There are four major sources of income for KPFK: Subscriptions, Events, Grants, and Donations.

In the area of subscriptions, the completion of the new transmitter before the end of the year will enable us to reach a minimum 15% greater audience. In addition, it will improve our signal in many more areas, particularly in automobiles. This increased audience should add 15% in income for the last six months of the fiscal year. This year, our subscription income was approximately \$350,000. A 15% increase for half the year would add \$24,500. The new transmitter will cost about \$10,000 a year more to operate, so the net increase in subscription income from the transmitter in the first year should be \$14,000.

We will be improving our renewal process, and putting more effort into increasing our renewal rate from its current level of 60% to 85%, which is accepted by the Corporation for Public Broadcasting as a successful rate of renewal.

In addition, increased promotional activities will bring KPFK's message to many thousands of new people. We will be making a major effort to make the solicitation of subscriptions more organized, on-air and in the community. Beginning this month, we are starting a "Turn on a Friend" campaign. If you will send us the name and address of a friend, or more than one, we will send them a complimentary copy of the Folio. Other similar efforts to organize your help to increase the listener and listener-sponsor base of the station will be tried, including a major phone campaign on renewals. Of course, as we are able to improve our programming, we should find more people interested in it. As we better serve the Southern California community, more people should be moved to support us.

## Donations

There are many thousands of people, who listen to and love KPFK, who have never been asked to contribute more than the subscription or Film Club rate. We are going to be asking more from those people. If you are one of them, you can give

now, and join a Sustainers' Program (\$250 a year or more). We are hopeful that under the leadership of KPFF's new Development Director, Wilma Keller, this program will eventually provide an important source of community support.

## Grants

KPFF has had good luck with grants from the National Endowment for the Arts, and we intend to continue seeking these funds, as well as to expand our grant writing efforts to build new facilities and develop new programs. We will focus primarily on the endowments and educational funds as well as community funds in California. We are hoping to finance the continuation of our Children's programming through such efforts.

## Events

As you have already noticed, we have created two new events (The 10 Kilometer Run and the *Zoot Suit* theater party), and dropped one (the Summer Fair). We are seeking a wider range of events to appeal to as many different audiences as we have. We intend to continue the Christmas Fair under the new, non-sectarian title WINTERFAIR '78. We will repeat the 10K Run in the Spring of next year, and we will return to the Mark Taper (and perhaps other places) for more theater parties. We are also exploring other fundraising ideas, any suggestions are welcome. We will be conducting a fundraising party in January in the form of a Tribute to Carv McWilliams, former editor of *The Nation* and historian/journalist of Southern California. The money from this event will support documentary production and investigative reporting in Southern California.

All of these efforts are pointed toward an increase in income of 50% by the end of the 1979-80 fiscal year. In the next Folio, I will outline the consequences of a \$750,000 budget for KPFF.

## 30th Anniversary

1979 is the 30th Anniversary for Pacifica Foundation. KPFF will be 20 years old the same year. All five Pacifica stations are discussing using the 30th year to build a more aggressive national public image for the stations, increase income and listeners, and improve inter-station program cooperation. We are all excited about this and will be reporting on the developments as they take place.

## With All of this Success:

Why are we going to ask you for more money?

As we have paid off old debts, as we have increased the level of support to exceed basic power and light requirements, your new dollars go more directly to programming. Every increase in our expenditure for the coming year will be reflected in better production of programming. A \$15 contribution pays the light bill, a \$25 contribution adds ten dollars to the news department, or drama, or music recording capability. The tangible results of your increased support are more evident.

Progress is already evident, just as the result of new energy and improved organization. With the additional funds, we can make that 30 year old Pacifica Dove really fly.

For Pacifica,

Jim Berland  
General Manager

## THE WOUNDED HEALERS

This program series was produced by the late Herschel Lyman. It is an in-depth examination of the Human Potential Movement, which takes an insightful look at different forms of therapy and healing, and at those who practice it. 1977

### WOUNDED HEALERS V

KZ 0214.05

92 minutes

~~\$10~~

Herschel Lyman presents two interviews. Dr. Rollo May, author of *Love and Will*, talks about man's dual nature, and how an illness can be a sign of potentiality if it is integrated into the personality as a positive force. Then, psychologist Marjorie Tumin, Lyman's therapist, discusses bio-feedback, holistic healing as merely a way of developing the whole human potential, and the responsibility of the patient to perform 90% of his own healing.

# Sounds of Change

Making changes is not an easy process. Ever. In the best of circumstances, it's a two-steps-forward, one-step-back affair. This month, you'll be seeing some rather significant rearrangements of the program schedule, rearrangements which reflect that back-and-forth dynamic. The changes, in a moment. Before we describe them, let us say a word about the rationale for them in the first place.

We're embarking on perilous waters here at KPFK. Our goal is to chart a course toward a new and progressive mix of cultures and sounds, one which over time will broaden KPFK's influence and importance for all kinds of disenfranchised people in Southern California: children, bombarded elsewhere with one-dimensional images designed to dull their imagination; music lovers, who have precious few alternatives to the commercial presentation of *any* kind of music; Third World people, whose cultural and political life finds practically *no* honest expression on the airwaves; working people, whose attempts to revitalize their unions (or simply defend their existence) receives only the most distorted attention in the mainstream media. In one sense or another, all of us without great wealth are disenfranchised in American society: women, struggling to achieve personal independence whether as mothers, as workers, or as reclaimers of their own sexuality; older people, for whom both inflation and the disintegration of community and family life spells insecurity and isolation; gay people, that ten percent of the population whose very right to exist openly is under the most brutal attack today. "Intellectuals," with or without a college education, are also a disenfranchised group, and better programming which reflects the complexity of art and politics is more important than ever.

Our goal, then, is to become a more lively and more comfortable home on the dial for ALL people whose lives find only a pale reflection, if any at all, in other media.

## Music

What is so "perilous" about charting a new course to better serve our present and potential audience? The fact is that in order to introduce new things, one sometimes has to take other things away. It is time to make clear once again that we cherish the audience that we already have, and that despite our occasional displays of ineptitude, we *do* care about making changes with grace and skill. Our introduction of more Black American music in the last few months has had both a positive and negative side. We wanted to make a statement about KPFK as an inviting place for jazz lovers in particular to tune in. . . a statement that badly needed to be made. We discovered that we were going too fast, obliging Music Director Bob Frazier to be in twenty places at once—programming on the air, recruiting new producers with good radio skills, establishing a jazz record library from scratch. You let us know that we were making mistakes, and we recognize the need to proceed more carefully. Carl Stone's excellent *MORNING CONCERT* is back five mornings a week, and everyone, including Bob, is happy with the change. It will give him a chance to shape music programming carefully, so that when new things are introduced, both long-time listeners and new ones will feel the evolution as an exciting challenge.

Along these lines, we're introducing a new two-hour Friday night jazz program at 8 p.m., hosted by Sheila Eldridge. The *WILLIAM MALLOCH PROGRAMME* will move to 8 p.m. on Saturday nights, paired with the innovative *IMAGINARY LANDSCAPE* at 10, hosted by Carl Stone and Leni Isaacs.

We're also proud to announce the return of a Los Angeles institution, a resurrection—from the embers, as it were—of *THE ASH GROVE*. Ed Pearl will be your host, on Wednesday nights at 7:30.

## More Changes. . .

We're happy this month to introduce a half-hour weeknight program for children, ages seven to eleven, to run Mondays through Thursdays at 9 p.m. It's the *NINE PM TURN ON*, and it will get its permanent title through a contest among young listeners. *Turn On* will include a short segment of "children's news and features," and will center around a serialized reading of important and popular works of children's literature, complete with sound effects. Why 9 p.m.? We battled around that question for many weeks in program meetings, and finally agreed with producer Eda Hallinan's point that TV "family viewing time" (8–9 p.m.) had to be a deciding factor. Through a wonderful network of cooperation with the L.A. school system and municipal libraries, we'll be able to promote the show to kids as an exciting way to make the transition from TV to bed, bringing back radio into children's lives as a real alternative to television. *Turn On* promises to be a highly crafted work of radio art, and we're confident that adult listeners will enjoy it too.

*Nine P.M. Turn On's* appearance means adjustments up and down the line in evening programming. First of all, we've taken this opportunity to open up some more time for news and public affairs specials, interviews, and phone-in programs after the evening newscast. Thus one major change involves moving the Tuesday and Thursday symphony concerts to 9:30 p.m. Other programs have had their hours changed, and a few have switched days. Here's the way it lines up:

## On Mondays. . .

*LA VIDA LATINA* moves to 8 p.m., with future plans in the works to open up weekend airtime for more Latino programming. *CHAPEL, COURT & COUNTRYSIDE* will be heard at 9:30 p.m., followed by *IN FIDELITY* at 10:30.

## On Tuesdays. . .

The *TAKING SIDES* debate will expand for live call-ins until 7:30 p.m., followed by open time until 8 p.m. for special news and public affairs features. *CARLOS HAGEN's* fine radio collages will be broadcast at 8 p.m., with the *BOSTON SYMPHONY* following the children's program at 9:30. At 11:30 p.m., it's *THE BIG BROADCAST*, Bobb Lynes' old radio goodies. Finally, *I.M.R.U.* and *LESBIAN SISTERS* both move over to Sundays at 8:30 p.m., with *L.S.* continuing on the first Sunday of the month.

Continued on page 6

On Wednesdays. . .

*OPEN JOURNAL* will be followed at 7:30 by *UP FROM THE ASH GROVE*. The Cultural Affairs department will be airing its radio drama series at 9:30, with *CLOSE* at 10:30. Then it's *RADIO FREE OZ* with Firesign Theater escapees Peter Bergman, Phil Procter and friends, from 10:45 til midnight.

On Thursdays. . .

There'll be an additional *OPEN JOURNAL* slot at 7 p.m., followed at 8 p.m. by a Public Affairs documentary. After the children's show comes the *CLEVELAND ORCHESTRA* at 9:30, with the *JANUS COMPANY* dramatic productions at 11:30.

And on Fridays. . .

There's no children's program on Friday evening. However, new jazz programming replaces *WILLIAM MALLOCH* at 8, and his popular programme moves to Saturday nights at 8.

Two programs leave the air this month:

We thank Ry Hay for his work in producing *COMMON GROUND/NEW WAVE*, and invite you to listen to a special series on Saturdays at 8:30 a.m., *POP PSYCH: The Personal Growth Supermarket*. It's a critical look at gurus and the commercialization of the growth movement, from UCLA Extension. That's Saturday mornings at 8:30.

Also leaving this month is *TESSERACT*, the Saturday night program of experimental, electronic music, which is "transmuting" into a broader *IMAGINARY LANDSCAPE*. We'll be looking into the possibility of scheduling another regular experimental music program sometime in the future.

So those are the immediate, palpable changes. Other changes behind the scenes over the next few months include a reinvigoration of our News and Public Affairs departments, with staff additions and a general program review. We are discussing con-

cepts for a new early morning drive-time magazine, and later next year, the afternoons. We'd like to enliven KPFK daytime talk programming by making more creative use of our talk-show producers, which in some cases will mean shorter, more "highly-produced" programs, integrated with music, and with more airspace for short investigative features in politics and the arts. News and P.A. is becoming one integrated department, and we will be welcoming new volunteers to that area, as well as in Music.

If all this sounds ambitious, it is! With a newly stabilized and energetic staff, we know it's possible. But one of the most annoying things about Pacifica stations is the continual *promise* of good things, without the financial wherewithall to deliver. Our fundraising plans, on and off the air, are *also* ambitious. And on that note. . . .

#### KPFK's Fall Fund Drive Begins Friday the 13th!

We'll kick off the event right after the Friday newscast, and run with the ball until we've reached our goal—\$100,000. We'll be fundraising in and around the *regular program schedule* for the most part (there are exceptions), in order to keep disruption of the new schedule to a minimum. Some accommodation around specific airtimes of programs has had to be made, and you can get the overall "appeal time" pattern by consulting the listings. We hope to reach \$100,000 by the first week in November, and to that end, we're planning some very special day and evening programming as October ends and November begins. Fund appeals can be grueling affairs; they are also the time when some of the most creative spontaneous radio happens. Corn, too, is not excluded: we're gearing for a FUN DRIVE(!) and we invite you to join us for the harvest.

Yours for a healthy KPFK,

Anita Frankel  
Program Director

## The Morning Reading

This month's *Morning Reading* pays tribute to Vladimir Nabokov with a reading of *Invitation to a Beheading*. This is an early and crucial work, directly paving the road for his later works. It is rich and ambitious, a parable dealing with political, social and sexual orders, the story of an opaque prisoner of a transparent world—of any human being caught in his obsessions. The reader is Temmie Karpf.

Bill Hunt, Producer

## Grey Power

While attending a 10-day seminar on the "Mysteries of Illumination" high up in the Rockies of Montana, I met with and interviewed Joseph Campbell, well known writer on mythology and the author of *The Hero with a Thousand Faces*, a detailed study of James Joyce's *Finnegan's Wake* (and many other works). Now 74, he talks about his life, his struggles, books, and the evolution of his philosophy.

I also spoke with Jean Erdman, dancer and choreographer (and Mr. Campbell's wife). She discusses her early years as a dancer in her native Hawaii as well as her years and accomplishments with Martha Graham in New York. The sense of collaboration between Joseph and Jean is strongly felt in these warm and open talks.

The two interviews will be presented on consecutive Thursdays, October 5th and 12th, at 3:00 p.m. on *Grey Power*.

# Highlights

## The Gay Radio Collective / I.M.R.U.

This month, along with the many program schedule changes evident in your Folio, *I.M.R.U.* moves to the second, third, fourth (and fifth, when applicable) Sundays at 8:30 p.m.

During all four programs in October, beginning on the 8th, *I.M.R.U.* will focus on the complex issues involved in "coming out": self-acceptance; revealing one's gay lifestyle to friends and peers; parents and other family members; and in the work and/or school environment, with particular emphasis on the delicate issues of gay teachers counselling troubled gay students, from both the teacher's and student's perspective.

With the Briggs Initiative (Proposition 6) coming to a public vote in the November election, many gay leaders have urged Lesbians and gay men to come out to those around them, as one of the most effective means of gaining the "no" votes necessary to defeat the initiative. If you are a Lesbian or gay man, or a non-gay person who wants to help a friend or relative in the almost always difficult "coming out" process, then listen and learn about "coming out," all this month on *I.M.R.U.*

The Gay Radio Collective

## Live New Music on IMAGINARY LANDSCAPE

KPFK is extremely excited to announce the participation of Los Angeles' Independent Composers Association as part of the programming of Saturday evening's new music series, *Imaginary Landscape*.

This October 14th at 10:00 p.m., the I.C.A. will present a diverse program of works for instrumental trio by Richard Amromin, Robert Jacobs, Dave Ocker, Anna Rubin, Will Salmon and James Tenney. Included will be several first performances, broadcast live from Studio A, and featuring the Independent Composers Association Ensemble.

In the months to come, *Imaginary Landscape* will feature I.C.A. presentations of electronic music and musique concrete, improvised music, and an evening of music by women composers.

The I.C.A. is a non-profit cultural and educational organization of West Coast composers dedicated to the furtherance of musical art. If you'd like more information on the I.C.A. and its activities, you may contact them at 7000 Beverly Blvd, Los Angeles 90036. The phone number is 213/ 559-7807.

# Sounds of Feedback

It is 7 a.m. and Bob Frazier is playing dope addict music on "Sunrise Concert." I am furious. When KPFK returns to sanity and stops catering to the needs of dope addicts and queers, it will have my support again.

R.D.M., Ojai

I just wanted to take a moment to let you know that I thoroughly enjoyed the program with Bruce U. Utah Phillips again this year. It was marvelous. And I thank you for an outstanding program that is simply unavailable anywhere else.

C.M., Whittier

For 29 years we have helped sponsor your station. This is a plea for less jazz. I do not mind the programmed periods. But—the fill-in interludes, for those of us not in tune, seem so intrusive. As ever supportive,

C.S.

The new program "Dancing Sun" is great, Bob Frazier is doing a wonderful job of bringing a broader perspective of music to KPFK; I hope he can remain as Music Director for a long time to come. I enjoy all forms of music with the possible exception of some "rock music." However, rock is available on commercial stations. Previous to Bob's appointment as director I found jazz was being denied air time on KPFK. With the program "Dancing Sun," Bob is able to play Stravinski and follow with Thelonious Monk. My reaction? Ahhhhhhhhh (I'm late to work). Seldom if ever do you hear a music program with such great scope of material that "works." Thanks to Bob's talents and musical knowledge a great variety of musical works are brought together in a very interesting/innovative/appealing way. I can't say enough. Well done, Bob! Your continuing listener-sponsor,

H. McD., Alta Loma

First you cut the superb morning concert down to 2 a week, replacing it with a very ordinary jazz program, hosted by a man who, when he tries to get into a little serious music, finds himself in over his head. . . . What in HEAVENS name are you trying to do to KPFK. Must we sacrifice SERIOUS music on the altar of "jazz." Isn't it enough to ruin our mornings? Must you now thrus Mr. Frazier at us for two noontime hours? What a pity to lose SERIOUS music to have it replaced by "musak" type "junk music," which is as poisonous to the body as junk food. . . . I'm sorely disappointed in the turn KPFK is taking.

G.P., Los Angeles

Hi! I want to tell you how happy I was to hear cuts in between shows this morning from two "Women's Music" albums—I have enjoyed and supported KPFK for a long time, but today I felt something important was more wholly integrated into the programming by playing these songs. Thanks.

Rena Lewis, Los Angeles

Is the new KPFK going to change its name to KPOP? Charlie Parker for the Morning Concert, Coltrane for the Noon Concert and Ellington for the evening concert. If any classical music program can now play jazz, why don't we have classical music popping up in any of those innumerable pop music slots that now make up most of the station's music programming? Is it because all those earnest folk are narrow specialists, while only classical programmers have the new broad view? May we shortly expect to see the Cleveland and Boston orchestras pre-empted by live concerts from the Palomino, the Roxy and the Lighthouse? Is there no one left at the station who understands, for example, what (pre-Romantic) classical music contributes to getting up, and that Bird doesn't lift the spirit in the early morning in the same way as Bach? Concretely: 1) May we please have our real Sunrise Concert back? (and incidentally, we have to get up every morning) 2) Doesn't four hours of avant-garde bleeps and blurps in one evening show a slight lack of balance? 3) Must the Noon Concert turn into a grab-bag?

C.S. Shapley, Fullerton

I am extremely distressed at the recent changes in your music programming. You are losing your uniqueness. Jazz of various sorts is available on several other radio stations; baroque, renaissance, and unusual classical music are not. My main reason for subscribing is rapidly disappearing. Please bring back the good old Sunrise and Noon Concerts and retain Joseph Spencer's Chapel, Court & Countryside.

Judy Drew, Ventura

I cannot permit the month of August to slip by without registering my dismay at the continuing deterioration of classical programming at our station. What has happened to our original pioneering zeal and commitment of 18 years to an ALL classical alternative? I've heard you say, Jim, that we can get our classics from KUSC—who can? not we in the hinterlands. . . . as for KFAC: that is one huge commercial joke. We can get the deplorable muzak quality of "Dancing Suns" all over the dial (hardly an "alternative"). . . . Alternative classical and contemporary programming (loved Carl's presentation of Stockhausen's MANTRA) should be an edifying commitment to improving taste (as we do with our public affairs programming), and NOT be subject to "majority voting. Voting statistics are not for alternatives! . . . Your sponsor without letup for 18 years,

J.B., Colton

*To all those writing in about music programming: please take a few minutes to read Anita Frankel's report, "Sounds of Change," on pages 5 and 6. A major part of it deals with the very questions you raise in your letters.*

# FILM CLUB

Uh...

We arrive again at Folio press deadline without being able to confirm the one, two or three great films Barbara Spark is currently stalking for October. Suffice it to say that she has a damn good track record, even though she often comes in a bit late. We will announce film title, screening information and reservation date evenly throughout the broadcast day as soon as we have the information to divulge. Those of you who have sent in your stash of 10c, regulation-size postal cards, will be notified by mail.

Since we had all this room on the page, we thought we'd let you in on a couple of the letters we'd recently received about the Film Club, and of course invite you to write to us too, with you comments, criticisms, and suggestions.

Saturday was my first encounter with the Film Club—and I must follow it with a fan letter. From the time I called to make my reservation until the film ended at noon I received nothing but warm vibes by each person connected with KPFK. My thanks to all who make the film series possible—you are gracious, considerate and fun to be associated with.

E.B., Los Angeles.

It occurs to me that I've never heard you mention, in pitching, one of the strongest point of the Film Club: being able to watch a movie in a theater where people are not talking, smoking cigarettes and dope, and being generally bothersome. . . .

J.T.

## ABOUT THE FILM CLUB:

At least once a month, we hold screenings of fine films, first run films from Hollywood and the world, often before their commercial release in Los Angeles. While we cannot guarantee that you will see every film, our double screenings are rarely full on both days. To avoid disappointment your place is assured by reservations taken just before the screenings.

Film Club members are those who subscribe to the station at the rate of \$60 per year. In addition to the tax deduction, Film Club members often save more than they donate. In addition to saving first-run prices and avoiding troublesome parking and traffic problems, Club members are guaranteed the best possible viewing environment. Our preview prints are in perfect condition; our audiences don't talk back to the screen.

Some of the films we've shown to Film Club members in recent years include *Annie Hall*, *The Goodbye Girl*, *Rocky*, *That Obscure Object of Desire*, *Madame Rosa*, *Dersu Uzala*—all Academy Award winners.

Our screenings are held on the weekend, during late morning or early afternoon hours, at theaters at both ends of town when possible (the use of the theaters, as well as the films, are donated to us).

KPFK's Film Club is an exciting dividend for your \$60 investment in creative radio. Give us a call if you'd like to learn more about joining the Film Club. Our phone number is 213/877-2711 and our office hours are 9:30 to 5:30 on weekdays.

Film Club reminders and announcements of bonuses or films booked too late for the Folio announcement are made for one week before each screening at 8:59 a.m., 5:59 p.m., and 9:59 p.m. daily, as well as other scattered times. Members who cannot listen on a regular basis may submit a supply of self-addressed standard size 10c post cards. Picture cards or odd sizes will not go through our mimeo. Please do not submit more cards until you have received your "last card" notice, or we cannot prevent your receiving two notices until your 9c cards are used up.

## 6:45 \$100,000 TO GO: Fund Drive Begins Here.

*We hope to reach as many potential new listener-sponsors as possible in the next three-to-four weeks, and to enlist them in our/your ranks. We'll be zipping in and out of regular programming with our mission, and if you read your Folio very closely, you'll be able to enjoy much of your regular listening and tune out for "the pitch" (look for the italics). We would like to impose one simple but difficult task on you, our dues-paying pillars of support, and that is "coming out" for KPFK to friends, neighbors, relatives, colleagues, or anyone you think might be a potential new KPFK recruit. Ask them to listen to one of your favorite programs, and then follow it up afterwards by asking for their reaction. Who knows? You might just be our best fundraiser. Anyway, here we go.*

8:00 FRIDAY NITE JAZZ/ Sheila Eldridge

The best of the mainstream, with a taste of the avant-garde, and an accent on female vocalists. *As with all our listings during the fund drive, you'll see that we signify by italic type-face when we'll be asking for listener-support. Some programs will be shortened, or interrupted in the middle, others (this one, for example) will have fund appeals mixed in with the music and/or features.*

Or should the Lesbian or gay man tell her/his parents, changing a violently negative reaction, and possible alienation and rejection from the family? How and when are the "best" times (if any) to inform parents of one's gay lifestyle? ## TWO SPECIAL MINI-SERIES BEGIN TONIGHT.

Starting tonight, and continuing for six consecutive evenings at 7:00 p.m., KPFK is pleased to present a fascinating series of documentaries on the most challenging civil liberties issues of our time.

THE CIVIL LIBERTIES RADIO EDUCATION PROJECT, produced by KPFK's Adi Gevins (co-winner of the Peabody Award for her series "Science Story"), will scrutinize the multi-faceted problems of: mental patients' rights, control and reform of lobbying power, the Nazi free speech controversy, journalists' right to protect sources, religious freedom and mind control, and other equally thorny questions being posed among civil libertarians today.

At 10:00 p.m., we begin a mini-drama-series, which for the first two nights consists of a single radiodrama. *THE CITY WEARS A SLOUCH HAT*, written by Kenneth Patchen, is aired this evening in its original 1942 version, and followed tomorrow night by KPFK's Los Angeles Theater of the Ear (L.A.T.E.) production originally broadcast live in February.

We urge you to tell your friends about these mini-series, even make the effort to get together to listen to them and talk them over together after the broadcast. Who know, we may even revolutionize the meaning of home entertainment!

### 7:00 CIVIL LIBERTIES I: Counter-Indications

Recently, the U.S. Supreme Court ruled that people confined in mental institutions have the right to refuse treatment. A growing mental patients' rights movement says that patients should be given the right to refuse specific treatments if they interfere with a person's thought processes or are likely to cause permanent physical harm. Many mental health professionals vehemently protest that legislating a patient's right to refuse treatments such as psychosurgery, electroconvulsive (shock) therapy, or psycho-active drugs could return psychiatric technology to the Stone Age. This program will explore the controversy through interviews with patients, mental health professionals, lawyers, and scholars. Produced by Adi Gevins and Kathy McNally. Principal advisor is David Fishlow, Executive Director of the Northern California ACLU. The Civil Liberties Radio Education Project is supported by the California Council for the Humanities and Public Policy.

*Following the documentary, we'll open the phones and microphones to talk not only about the program but about future investigative and documentary productions in the works at KPFK—and of course, of the need for funds to carry on such essential work.*

### 9:00 \*THE\*NINE\*PM\*TURN\*ON\*

Tonight and tomorrow night, special Halloween short stories. So, turn out all the lights, lock all the doors, find a safe place 'way under the covers, and don't worry, it really is just pretend. . . isn't it?

*And maybe just for tonight, we'll have some kids' phone-ins after the story, and of course, the usual reminder to the adults about how it takes \$\$\$\$ to produce radio programs!*

### 10:00 RADIO-DRAMA MINI SERIES

#### THE LOS ANGELES THEATER OF THE EAR

L.A.T.E. presents *The City Wears a Slouch Hat*, a radioplay by Kenneth Patchen. We air, on successive nights, two productions of this radiodrama written in 1941. The first, originally broadcast by the CBS Radio Workshop in Chicago in 1942, features Les Tremayne as the Voice of the city and is accompanied by a sound score composed and performed by John Cage. Tomorrow evening, a second version of the same play, produced by KPFK's own L.A.T.E. company.

### 10:30 DO-RE-MI: Fundraising

### 11:00 CHAPEL, COURT AND COUNTRYSIDE

Special time tonight. Some truly extraordinary ensemble playing, by *Musica Antiqua Koln*, in their second appearance on this program. The featured soloist is Gudrun Heyens, recorder, in a program of concerted works by mostly obscure Neapolitan composers of the early 18th century. Joseph Spencer is your host and producer.

### 12:00 SOMETHING ELSE IS HAPPENING

Monday night/Tuesday morning is the time for trials and errors. We shall follow through, hoping that there will be more of the former than the latter. *Fundraising from 4:30 to 6 a.m.* Host is Roy of Hollywood.

### 7:00 CIVIL LIBERTIES MINI-SERIES: II

**No More Free Lunch—** The Price of Lobbying Reform  
The intent of political reformers who drafted the Federal Campaign Reform Act of 1972 and the California Political Reform Act of 1974 (then Proposition 9), was to legislate equality of influence among lobbyists. By restricting the amount of money a lobbyist can spend and requiring detailed disclosure and reporting of lobbying activities, they hoped to place "fat cats" and lobbyists on the same plane as those representing less powerful organizations. Whether the democratic goals envisioned by the reformers have been attained is the subject of tonight's documentary. The series, produced by Sister Station KPFA, Berkeley in cooperation with Northern California ACLU, is continuing every night through Saturday October 4 at 7 p.m. *Followed by discussion of the ideas raised by the program and a few of our own, with active participation on both sides of the microphones, if you will.*

### 9:00 \*THE\*NINE\*PM\*TURN\*ON\*

Halloween stuff, especially for those back from the trick-or-treat trail. But you can't listen until you brush your teeth, cause you know you've been scarfing in that bag!

*Now, grown-ups, add up the amount you spent on treats for the kids, and think about spending a bit on treats for your mind, as we talk about the price of free speech radio.*

### 10:00 RADIO-DRAMA MINI-SERIES—II

Produced and directed by Paul Vangelisti.

We'll explore the history and ritual-magical meaning of the holiday from an experimental viewpoint. Then, Dave Krebs, producer for the Dimension of Imagination ("Something's Happening Players") promises another very special pull-the-covers-over-your-head production. Getting back to traditional fare, we rebroadcast the Mercury Theater Production of *War of the Worlds* by H.G. Wells, by Orson Welles—the radio program which caused a nation-wide freak-out on October 30, 1939 (CBS, 60'). At 5:00, Jack Gariss with *Bio-Meditation*. (Program subject to change pending time allocation). Host is Roy of Hollywood.

## EUROPE in 1979 with Mario & Nicole?

This is NOT an over-regimented, highly organized, strict timetable kind of rush-rush trip. Tentative proposal is to fly direct to Copenhagen and do a little loafing at those marvelous country inns. Maybe some bicycling. Perhaps a side trip to Stockholm. Then, fully refreshed, we will work our way down through Europe, with Eurail into the Balkans (including Istanbul and Athens). We'll use trains, buses and ferry boats. Stay at cheap, clean, convenient hotels. Meet real, honest-to-goodness natives in non-touristy situations. Do lots of ethnic eating, drinking and dancing. There'll be island trips, folk festivals, tavernas and bazaars. Public transportation is good and cheap and fun. We know how. We have greatest times. You can stick with us or split off whenever you choose. But advance planning necessary for reduced air fare on regularly scheduled airlines. What are YOUR ideas on plan in general and itinerary in particular? Communicate with us NOW! Plan on a 30-day vacation leaving sometime between June and August 1979. I am writing to urge you not to drop gay and lesbian programming on KPFK, in view of the increased propaganda of those who support Senator Briggs. It is now more important than ever, to those of us in outlying areas, to have the input which "I.M.R.U. and Lesbian Sisters" represents. We need the information these programs provide, as we "live, move and have our being" every day in a tremendous sea of racism, sexism and homophobia out here. Please don't be swayed by the unfavorable statistics in the Poll. The people who don't like these programs have others they can listen to. I also urge you to present a program on Prop. 6 before the election.

A.Z.

*As stated in last month's Folio, the Poll was not intended as an entry into the Ratings Game. We do not use the information from it to determine our programming philosophy. We hope you listened to (or even participated in) last month's Community Network debate on the Briggs Initiative. Please note that I.M.R.U. and Lesbian Sisters have moved to Sunday evenings at 8:30 p.m., a time more accessible to broader numbers of people. Ed.*

Sunrise concert is wonderful when the music is joyous or gay or full of "praise." Some of us who keep feeling like Sisyphus—pushing the rock up the hill of peace or anti-nuclear activities welcome the music of hope—particularly upon waking in the morning. For that I thank you. On the other hand, "Ruth's Kitchen" has a very nice woman encouraging everyone in really wicked eating habits. She seems to me to be encouraging all the addictions many of us recognize have made our health precarious and certainly wreck the lives of others: ice creams, fudge sundaes, rich fare of all kinds at all kinds of appealing-sounding restaurants. I wonder if KPFK should be such an advocate through this program for foods that many of us have found really debilitating and from which we are seeking to free ourselves. It does seem a peculiar program for KPFK. And, it's an ecological disaster. Obviously, I think KPFK is really fine.

G.K.H., Santa Barbara

Dear KPFK,

I was so selfish, I figured that since I live in San Diego and can no longer pick up your signal why should I pay? If I never live within your voices I'll always support you. Because for one year you lifted my spirit. Please send the Folio as a gift to my friends on the back.

*Please check into your reception. We have many subscribers in the San Diego area, who get us loud and clear. And thanks for the gift sub! Ed.*

I found a very pleasant surprise Saturday morning listening to "No Strings Attached." The program was very enjoyable. Please keep the program on the air.

T.A.

Congrats to Bob Lyles. Love his shows—love his very large Big Broadcast. Give us more old radio!

C.D., D.B., I.F. (all fans)

I think in your anxiety to avoid being slick, you have sunk to the merely slovenly. The Folio is again late, the announcers often can't pronounce names, the programs are chronically late, and when they do arrive they frequently don't correspond in substance to the Folio's description. More seriously, the public affairs programs are not rising to a dialog in public—there is no ongoing unifying debate or conversation on issues, especially local ones. Instead you have a plethora of isolated "public" groups which merely display themselves in isolation, usually strident complaining isolation. Get it together.

Tom Drew, Ventura

I joined primarily to support the Car Show. I am renewing for the same reason. Would very much like to hear it for a full hour and a half, even 2 hours. Much prefer an earlier time, but remain on Saturdays. I like Davis' folk music, but the Car Show is useful as well as entertaining and the utility is what I'm willing to pay for.

J.D., Cerritos

I wish to express my solicitude for Joseph Spencer's "Chapel, Court & Countryside" being kept on the noon to 2 p.m. spot on Fridays. My reasons must be shared by numerous others: 1) We are "day" people. We are persons who rise early and go to bed about sundown! 2) To my knowledge, there is nobody on the radio who gives such dignity to broadcasts in this type of musical program, and whose voice so well harmonizes with the rare music. . . . As a long-time disciple of John Milton's concept of freedom of expression, I feel Pacifica is a gem in God's diadem.

William F. Kirk, Ontario

I like your country and folk music, but I can't get into your talk show. Sorry.

(no name)

As a long time supporter of KPFK, always emphasizing the musical programs when sending my support checks, I am very turned off with your reduction of the morning concert. But *very!* The noon concert, though, is fine, but not available to me because of time constraint.

F.M.L., South Laguna

What used to be an exquisite working experience every weekday morning is now a pitiful barrage of moaning, shrieking, hotel lounge muzak and steel drums. My tastes are fairly broad, but I don't think I should be asked to wake up to things like Noh drama and Cecil Taylor. Save that stuff for afternoon. Didn't I read something in the last Folio about there being no change in the Sunrise Concert?

L.H.

Re: "Taking Sides:". . . In my opinion you should steer your debaters away from deadly single issue topics such as racial equality (which they got bogged down in on the first program), or woman's lib or other such. These are taken up elsewhere. Instead get them to wrestle with the practical daily issues (as well as the grand philosophies) behind such things as Freedom, alienation, welfare, economics, etc.

N.P., Seal Beach

What's up, collective does? The whip of omnipotent statism is again cracking over the biased towers of KPFK. Why give Ms. Healey half of Libertarian Viewpoint's time? It should be the other way around. Is the great god "equality" demanding even more individual sacrifice?? May I suggest a greater use of Lowell Ponte's talent—perhaps a new open phone show.

B.S., Los Angeles

I enjoy your "Health Department" program very much and listen as often as possible. What about the possibility of rotating time slots? The current air time coincides with change of shifts of hospital personnel (first constituency?) and is therefore perhaps uneconomical. . . . Thanks for your commitment and activism.

M.T., Hawthorne

Jim, you did such a beautiful and eloquent job on Report to the Listener on 9/6. Thank you for all your efforts.

D.H. (listener-subscriber)

Sorry I've been so late in sending you the \$5 payment on my current subscription. As all of us, I've had recent troubles. I just got out of the hospital after a longish enforced stay. And, due to the passage of Prop. 13, my S.S.I. check has been reduced, hence I've been bread-less more than usual. Please, don't cancel me out, and I'll try to get another "five" to you in a few months. I cannot make the full eight just now, but here is five as a token of my good, if impoverished faith. No way to tell you how much I enjoy your serious music broadcasts! Pacifica is sane radio. Thanks!

Hi gang. . . Hey, "Dancing Sun," Bob Frazier, I know it's early, but you have the morn together—hang in there, OK? I'm still missing Amanda, as all are in this corner of consciousness. Roy Forgive me for coming down so hard on the Psychics—I see now what you were trying to do—create a new thing & you have got it down to some of the most fascinating and interesting happenings a person could ever ask for. I only regret that I have to sleep some & miss parts of your show. When you have open phones & give your opinion on things (including some of the dumb questions that people ask you) I know now that you are getting your shit together 100%. Jack & Janette (Gariss) we love you. Bring back Alan Watts.

S.S., T. and family

I have some good news and some bad news, of which I'll start with the good: I absolutely LOVE your radio station! I have been a subscriber for about a year, and have found your station, along with the Laemmle and NuArt theaters and a few strange bookstores, to be one of the very few worthwhile instances of culture in the LA area. Your evening news has spared me the necessity of buying the Times or watching TV, your concerts are great, ads in the Folio have led me to all kinds of interesting things, etc., etc., etc. While you may not succeed at being all things to all people, you have managed to be a great deal of things for me. . . . Now for the bad news—I'm not renewing my subscription. It has nothing to do with anything you have or haven't done, but only that your station cannot be received in Connecticut, which is where I am (going). . . . I am therefore sending you fifteen dollars—enough for a student sub, with apologies that it isn't more. One thing that I can promise, though, is that you will hear from me as soon as I manage to make my way back to California, as I truly believe in your radio station.

R.M., San Gabriel

*Ah, love letters! Many places in Connecticut can receive our sister station, WBAI, New York (99.5 FM). Check it out. Your subscription is transferrable, and they can use the \$.*

I've just moved to Southern California from the San Francisco area and have been delighted to hear your station up here at four thousand feet in the pine woods of Julian CA! Our family has been a member of KPFA Berkeley for over ten years and we'd love to continue that tradition with you. We live as working artists (cabinet maker & fiberist) in a tiny ramshackle cottage on a very limited income with lavish dreams. I enclose a check for \$7.50 now hoping you will send along the Folio for August and will send along another \$7.50 within a couple of months when we are settled and more as we come into it. Our special interests include music (especially JAZZ, traditional folk and country music, bluegrass, Irish, "space" music), Women's (news, interviews, discussions), literature, art and political commentary. Hope to enjoy your energy and vision. Thank you,

A.C.

Yes. I appreciate it that KPFK is the only place in LA where proponents of radical ideologies and ideas speak in a mass medium. And then besides there's everything else you play. But you know the contemporary music on Tesseract and Zymurgy are alone well-worth the price of admission. Thank you for being there.

E.H.

P.S. An idea for pitching: Put each person who calls in a subscription a few moments on the air to say why they subscribed. That would save the staff from unseemly bragging without playing endorsements from 'personalities' who are rich enough to subscribe to anything anyway!

# SUBSCRIPTIONS

## THE COMPUTER

Our computer is located in Berkeley, which saves us a lot of money but which is inconvenient. We send subscription information to the computer twice a month. Around the middle of the month we do the regular Folio label run which returns the Folio labels, bills, renewal letter labels and income statements a few days later. The following week we do a "catch up" Folio label run for payments received late or for corrections processed after the regular run.

Your payment may not go into the computer as quickly as you might think because: payments go to our lockbox at the Terminal Annex Post Office in Los Angeles, then they go to the bank and the bank processes the payments and sends them to us—through the mail. This process often takes more than a week from the time you send your payment. So, if you send your check around the 8th of the month, there's a good chance you should receive the Folio for the following month and you'll also avoid duplicate billing, which has been the scourge of our subscriptions system.

## BILL PAYMENT

*Always send a bill with your check!* A \$15 payment received without a bill or renewal notice might be credited as a Film Club payment, a straight donation to the station or the Expansion Fund. If you send a check in for a pledge payment without a bill, you might be credited for a new subscription and still be billed for your original pledge. Likewise, if you send a payment for a subscription renewal on a company check without a renewal notice, you're likely to receive a new subscription at your company address and still receive a renewal notice for your original subscription. So always be sure to refer to your account by the name on the account and the address at which you receive your Folio.

## FIRST CLASS FOLIO MAILING

The Folio goes out by 2nd Class mail, and should take 2-5 days to get most places. Theoretically, 2nd Class gets better handling than our old non-profit permit, but our experience with the Post Office defies theory. First Class mailing is available for \$5 extra per year (pro-rate at 50cents per month for current subscriptions). This is often the answer for slow mailing areas like Goleta, Santa Barbara, Leucadia, Simi Valley or Pearblossom—to name just a few. If you live in an area that gets relatively prompt service but want the Folio well before the beginning of the month, then you might want your Folio by 1st Class.

## I DIDN'T GET MY FOLIO

The Folio is mailed around the 20th of the month. If you have not received your Folio by the first of the month: (1) check your subscription expiration date on the previous Folio label (upper right hand corner of label). (2) Make sure you haven't moved without notifying us. (3) If you haven't moved and are currently enrolled as a subscriber, contact your local postmaster about delivery. (4) send us a previous Folio label with an explanatory note or call for a new Folio to be sent to you.

## MOVING—ADDRESS CHANGES

If you move, your Folio will not be forwarded unless you request 2nd class forwarding from the Post Office. The best way to expedite an address change and assure continued receipt of the Folio is to call the station and ask for subscriptions or leave your name, old zipcode, and new address with the switchboard. There is an address change form on the back page of the Folio that can be used also. Whenever you do an address change with us, always include your account number at the top of your Folio label—that will insure instant handling. Address changes returned to us by the Post Office cost us 25 cents apiece and frequently take a month to be returned to us.

## PRISONER SUBSCRIPTIONS

KPFK sends free to any prisoner, upon request, the Folio.

## CASSETTE FOLIOS FOR THE PRINT HANDICAPPED

The Folio is available on cassette (returnable) to all print handicapped subscribers. If you would like to receive the Folio in this form, please tear off the address label on the back of the Folio and send it along with a note (or you may call). Within two months, you will be receiving your complete program guide on cassette. The cassettes are returned to us at the end of each month.

## EXCHANGE MAILING LISTS

KPFK never sells its mailing list, but on occasion exchanges lists for promotional purposes with other organizations of common interest with us and our subscribers (Channel 28, Ralph Nader, ACLU, etc). If you don't want to be on exchange mailing lists, send your Folio label to the Subscriptions Department and ask for an "NJ" code. Your name will then be automatically removed from all mailings except for the Folio and renewal letters.
